#### Quarterly Loan Update

In an effort to keep you updated on your federal loan(s), we have enclosed loan details. To prepare you for **future repayment**, the charts on the following pages summarize the repayment plans that are available for each loan type and the borrowers who qualify for each plan. The charts are simply examples and may not be reflective of your specific account. For more detailed repayment plan information and to calculate your estimated repayment amount under each of the different plans, use the Loan Simulator at StudentAid.gov.

#### Here are some helpful tips to manage your account:

- **Borrow responsibly** - Make sure not to borrow more than you need and keep track of what you borrow.
- **Create an online account and Go Paperless** - Log into mohela.com to keep tabs on your student loan balance.
- **Pay now vs. later** - You are not required to make payments at this time. \*However, if you can afford to make even some payments, it can save you money down the road and reduce the total amount that you repay.
- **When repayment begins**
  - **Subsidized, Unsubsidized and Graduate PLUS Loan Borrowers** - When you graduate, leave school or enroll less than half-time, you will enter your six-month grace period which will allow time for you to prepare to make scheduled monthly payments. Once you enter repayment, you must make your payments on time to avoid delinquency and default.
  - **Parent PLUS Borrowers** - When your student graduates, leaves school or enrolls less than half-time, you will enter repayment immediately after your deferment ends.
- **Contact us** - Have questions or want to explore your student loan options? Call us at 888.866.4352.

**On the go?** Download our free Mobile App for easy account access. Check your balance and even make payments when you are on the go. You can also send and receive secure messages from a customer service professional.

\*Some loans may be in repayment and due for payment. If so, please continue to make your payments for those loans.

**Additional Student Loan Benefits** - Throughout the life of your loan, you may qualify for a variety of student loan benefits including repayment plans offering payments as low as \$0, deferments and forbearances to postpone payments, Auto Debit interest rate reduction during repayment, loan forgiveness and discharge programs, military benefits and more. Learn about your benefits on mohela.com/InfoCenter.

**Don't Be Scammed** - Document preparation and debt relief companies may contact you to help consolidate your student loans, complete paperwork, lower your payment, and/or provide loan forgiveness. They will charge you a fee for services that we are required to provide you for FREE as your federal servicer contracted by the U.S. Department of Education's office of Federal Student Aid.

**PROTECTING YOUR PRIVACY** - View the Privacy policy on mohela.com. It's also available upon request by calling.
